Sam Ladd has charge of the Hawaiian Electric Co.'s Icehouse and Cold Storage Rooms, a very wet, damp, cold place. He orders another pair of "CAMEL SKIN" Working Shoes at \$4.00, and says the last pair sold him gave more wear and general satisfaction than any shoe he had ever owned before.

He has spent a large amount of money trying to get a shoe that would stand the hard wear his work demands, but now his troubles are at an end. "Camel Skin" is his future working shoe.
